Waco Curiosity Shop.

Where it is, What it is, What it has done, and What it is Going to do!

Some men engage in business with very little money, having an abundance of push and get up and get and

good common business sense, knowing how, when and where to buy goods,

pushing rapidly to the front, are always glad to meet and welcome competition, rejoicing in the prosperity of

all, with the motto, "Onward and upward," ever before them. They realize the fact that ten years ago are not

the ways of to-day, that old fogvism is dead. Such men deserve success.

Others starting in business when all it was thought necessary for a man

to know was what he paid for an article and to sell it at double the cost.

Such men soon get disgusted at the business push and success of the modern merchant, and rather than meet

competition stands off and defies it rather than sell goods at a fair profit,

let them lay on the shelves and rust and grow old. Gradually dropping

back, back, back, and out, leaving business for younger men, and men

that are aware of the fact that this is the Nineteenth Century.

"Lay on McDuff, and damned be he who first cries 'hold, enough.'"

Waco Curiosity Shop.

Pinch a pig's tail and he will squeal. Somebody's tail must have been badly plucked. Waco Curiosity Shop for bargains.

Lord, but such advice. Are you badly hurt? Waco Curiosity Shop for dishes.

Don't go to second-hand stores. Did you ever? The Curiosity Shop for lamps.

Old or second-hand goods (shelf-worn) at the Curiosity shop.

I mean what I say. Good second-hand goods are much better than poor quality of shelf-worn goods, and far cheaper. The Curiosity Shop for chamber sets.

Would have no trouble passing most of that fresh stock, as second-hand goods.

How the bird flutters; must be badly hurt.

Goods at the Curiosity Shop are sold as second hand when they begin to get shop-worn.

To defy competition is one thing, to meet it squarely and bravely is another. Tell the truth and shame the devil.

Can goods that are 8 or 10 years old be new and fresh?

The Curiosity Shop sold more stoves at retail during the last fourteen months than any two stove houses in Waco.

If there is anyone in Waco that has any new goods to sell at second-hand prices, the Curiosity Shop will buy all that is for sale.

To arrive in a few days, a large stock of kitchen, dining room and bed room furniture. All will be sold low for cash or on installment.

Waco Curiosity Shop.

The Waco Curiosity Shop is at 707 and 711 Austin street. The Waco Curiosity Shop is the place to buy and sell all kinds of second-hand goods.

They carry a full and complete stock of furniture, stoves, lamps glassware, trunks, sewing machines, and nearly every article needed for housekeeping.

It is the place that never tries to humbug the people with so-called Cost Sales, Moving Sales, or other devices to deceive. It is the place where they can and do sell goods at a fair profit so that there is no accumulation of old time-worn goods. It is the poor man's friend. The Curiosity Shop was started less than three years ago with less than a small fortune, and a good name.

Since then it has sold nearly \$120,000 worth of goods. It has helped hundreds of people to furnish their homes when they could not do so in any other way. It has continued to grow, make friends and prosper as no other house in Waco ever did with same capital.

Now let me tell you what the Curiosity Shop is going to do. It is going to have the best stock of new stoves, furniture, trunks and general household goods it ever had. It is going to meet all competition and lead it when we can. It will make special low prices in new cook and heating stoves and in the future as in the past, try to make as many friends as possible, realizing that it is by our friends we live. Thanking all for past favors and our prosperity, we are as ever,
